

We hope this publication has you interested in the possibility of rail. In an uncertain future riddled with high fuel prices, gain the competitive edge you need to stay in the black and thrive with the time-tested effectiveness of rail. Be an industry force to be reckoned with, and let Barron County be there every step of the way to ensure a successful endeavor into the world of rail.

Also Available in the Series:

- Barron Corridor
- City of Chetek
- Town of Dovre
- City of Rice Lake
- Town of Stanley, NS
- Town of Stanley, EW

BCEDC Brochure Project
Jeremy Collier 2008

The Barron County Economic Development Corporation is committed to providing businesses with essential information about Barron County in the ongoing process of economic growth, development and expansion.

Located between Cameron and Chetek, the Prairie Lake Corridor is a great place to start any project needing rail service.

Quick Stats

- One rail car carries the equivalent of 3 to 4 truckloads of cargo.
- \$1.4 million of products are transported by rail on this corridor each year
- 2,446 businesses were located within 5 miles of this corridor in 2006
- Railroad meets FRA I standards
- Rail transport is more fuel efficient than trucking
